Subject: RE: Invitation to comment on the Strategic Development Plan for INTOSAI's Professional Pronouncements
Importance: High

Dear Colleagues,

Greetings from The Audit Bureau of Jordan,

Kindly find below our response on the Strategic Development plan for INTOSAI's Professional Pronouncements (in red):

1. Do you believe the initiatives will improve clarity and understandability of the IFPP?
Yes
2. Do you believe the suggested initiatives are relevant to help your organisation in implementing the IFPP?
Yes
3. Does your SAI have suggestions on how to make the pronouncements available for your auditors so that we support a more active use of the pronouncements in their daily work?
We suggest providing professional pronouncements on regional organization websites in the official language adopted by those organizations.
4. Do you have suggestions for new initiatives that you believe are important to support your SAI in implementing the ISSAIs and enhance audit quality?
We suggest having an entity responsible for reviewing the quality of translating professional pronouncements into languages approved by INTOSAI, ensuring the completeness of content before their release and publish on the official website of INTOSAI.
5. Are there new topics/areas that are currently not covered by the IFPP that need to be included in the future?
IFPP does not include guidelines and instructions on internal control, internal auditing, and governance systems.

If you request further information, please do not hesitate to contact us.

Please confirm upon receipt

Kind Regards,

**The Audit
Bureau of
Jordan**

Subject: Invitation to comment on the Strategic Development Plan for INTOSAI's Professional Pronouncements

Dear colleagues,

As you are aware, the INTOSAI community is invited periodically to give input on how to further develop the INTOSAI framework of Professional Pronouncements.

The Forum for INTOSAI Professional Pronouncements (FIPP) together with the three Goal Chairs of the Capacity Building Committee (CBC), Knowledge Sharing Committee (KSC) and Professional Standards Committee (PSC) have analysed material already available in INTOSAI such as the IDI global stocktaking report and the PSC's review of the IFPP (Component 1 report) and identified areas for improvements in the framework.

Now we invite all SAIs and INTOSAI partners to consider if these topics address the situation in your SAI and if there are other areas for improvement that you believe should be included in the next SDP.

Your inputs will be analysed, prioritised and included in initiatives in the next Strategic Development plan (SDP).

Please find attached an invitation letter and a draft version of the Strategic Development Plan for INTOSAI's Professional Pronouncements 2023 – 2025, prepared by the FIPP.

The invitation letter includes details on how to submit your feedback. Please bear in mind the final date to do so is **April 14, 2023**.

We encourage you to take the time to participate.

On behalf of the PSC Secretariat
